

January 30, 2025

Brothers and Sisters,

We are reaching out with an update regarding contract negotiations with SoCal Gas. Last night we sat down with the leadership at SoCal Gas and today we met with the leadership of the locals.

Following these discussions over the past few days, we agreed to extend the current contract until 11:59 p.m. Friday, February 7, in anticipation of having more detailed framework we can present to the members soon.

We are very hopeful this framework will resolve some of the most troubling issues, our dialogue will continue over the next few days as we finalize an offer.

I will share more information over the next few days.

In Unity and Solidarity,

James Slevin
National President
Utility Workers Union of America

Lance Heasley
President
International Chemical Workers Union Council
