AQMD Vote Outcome

6/6/25

Today, Mike, Steven and I attended as well as spoke at the AQMD hearing. There was a vote on the amendments to rules 1111 and 1121; results are attached. Many other groups such as other Unions, Political leaders, Leaders of industry, Realtors, and Enviromental Activists attended as well. We networked with those that were in support of us; it resulted in a DOJ letter being provided to us in opposition to the amendments which have been posted to our socials. There were over 200 speakers present and over 90 online waiting for public comment. This hearing began at 9:00a and ran till 3:15p. Theres was much added information provided by the AQMD Board members on the input from the public; Letters and comments that were sent to the board. I graciously thank all of you who participated and stood up to the challenge, but there is more to come as these rule changes will be reworked and presented again in the future. We will need the support of our members again in not only this battle but many others in our industry.
