# CTA COUNT

4/3/25

Good afternoon,

The Leadership has received many questions regarding the Comprehensive Tentative Agreement; some of those being a possible recount, the vote count, percentages and so on. Leadership's stance is that due to the overwhelming number of votes for ratification there is no need to entertain a recount, it is unnecessary to release the numerical amount of those that have voted, but to show transparency we will release the percentage comparison of ratification vs. rejecting the CTA and that is as simple as 75% vs. 25%. We are aware this may not satisfy all, but we would like to point out that National President Slevin of UWUA and Region Representative of UWUA Valerie King were present during the count.

In the coming days we will be combing through the ratified agreement to provide a clear perspective to our membership of Local 132.

Thank you!

William Gilbertson
