VICTORY FOR OUR MEMBERS

To all represented members,

Yesterday, the Joint Steering Committee (JSC), which is comprised of union leadership from all six union locals, three from UWUA, three from ICWUC/UFCW, and the Company held an expedited arbitration regarding the PACKS analysis for the Senior Leakage Control Clerks. Senior Leakage Control members and union representatives collaborated to provide testimony and supporting evidence. The arbitrator ruled in favor of the Union upgrading the Senior Leakage Control Clerk classification by one pay grade.

This victory falls on the heels of yet another victory. The Transmission Pipeline Specialist position is also being upgraded by one pay grade.

The remaining four classifications, Commercial Services Technician, Work Order Control, Senior Work Order Control, and System Protection Specialist PACKS analysis are underway.

Congratulations to the Senior Leakage Control Clerks and Transmission Pipeline Specialists!

Sincerely,

Joe J. Moreno
Chair, Joint Steering Committee
