

# **NEGOTIATIONS DAY-25 LOCAL 132**

September 18, 2024

Today marks Day 25 of negotiations between the parties. The Union and the Company exchanged proposals in a back-and-forth process regarding 6 bundled proposals dealing with union grievance investigations, union representation of members, the steps in the grievance process, and the arbitration process. The parties will continue reviewing these proposals in the days to come.

The Company submitted its counteroffers regarding the panel interview process and the Safety Specialist proposal.

During the day's exchange, the Union reiterated the importance of addressing the over 40 proposals previously declined by the Company.

The bargaining day concluded with a tentative agreement for the Safety Specialist proposal.

In solidarity,
