### **Important Update: CBA Extension**

Brothers and Sisters,

As we continue to face the challenges posed by the ongoing fires, we want to inform you of some important updates. Unfortunately, the Joint Steering Committee meeting scheduled for today has been cancelled in light of the situation. In addition, the planned meeting between UWUA National President and ICWUC National President with the new SoCalGas CEO, Maryam Brown, was also cancelled due to the ongoing crisis.

In response to these unforeseen circumstances, both national presidents have agreed to extend the current agreement until January 31, 2025. This extension provides the necessary time to navigate through these difficult conditions and continue advocating for our members' best interests. The signed agreement is posted in Resources – Member Resources.

We understand the importance of staying informed, and National President James Slevin is working on a communication that will be shared with the membership soon. Once this is ready, it will be posted on the website for your review.

Thank you for your patience and understanding during this challenging time. Rest assured, we remain committed to working diligently on your behalf.

In solidarity,

*Joe J. Moreno*

President – UWUA Local 132, AFL-CIO

Chair – Joint Steering Committee
